# OUR SERVICES

---

Newport Car and Limousine is committed to providing the highest quality services in the industry while maintaining the most competitive rates in the entire tri-state area.

We are one of few in our industry to offer a comprehensive one million dollar insurance policy.

We hope this prospectus will be informative to all our customers in planning your trips. If you need any additional information or have questions of any nature, we can be reached 24 hours a day, 365 days a year at 201-332-7678.

## Our Services

To determine the cost of a trip beginning or ending in Hudson County or Newark Airport, we have prepared this valuable Corporate Rate Schedule.

## Waiting Time

Is calculated at a rate of \$25.00 per hour, pro-rated in five-minute intervals. Waiting time begins 15 minutes after the scheduled pick-up time.

## Newport's Hourly Rate

Our hourly rate is \$35.00 per hour, plus a 20% gratuity. There is a 2-hour

minimum when a scheduled trip is local.

## Tolls, Parking, & Service

A \$4.00 toll on all trips beginning or ending outside of New Jersey is charged. All other tolls are additional; Parking: All parking fees and charges are additional; Service: There is a \$2.00 service charge for each corporate voucher.

## Cellular Telephone Charges

Cellular telephones are available in the car's cabin for client use at a rate of 75¢ per minute.

## Airport Pick-up Options

Newport has four different options for you to choose in arranging for a pick-up at any area airports. All pick-up options have a \$5.00 additional charge compared to drop off charge. We prefer you choose Option A. It gives you our best service and keeps your costs down. But the choice is yours. Tell our operators which you prefer.

## A. Arrange, Arrive then Call

(Outside Standby) Place standby reservations in advance. Your car will not be dispatched until you've landed and called 1-800-434-7678 from terminal. We will give you a car number, 10-minute or less ETA and direct you to designated pick-up spot outside the terminal.

## B. Arrive then Call

(Outside On Demand) As soon as you've landed, call us from terminal at 1-800-434-7678. We will assign a car number, a 15-minute or less ETA and direct you to a designated terminal pick-up spot.

## C. Arrange, Proceed to Curb

(Outside Reservation) Place your reservation and confirm an outside terminal pick-up location. We will verify the arrival time and dispatch car to match. Upon landing, you may go directly to designated pick-up spot without calling the dispatch office. We suggest confirming your car number before leaving terminal. Waiting time is chargeable if the flight is delayed beyond the updated arrival time posted by airline. Waiting time will be charged.

## D. Arrange, Proceed to Baggage Claim

(Inside Reservation) Place your reservation. We will confirm inside pick-up and verify arrival time with airline. Your car will be dispatched 30 minutes in advance of the updated arrival time to give driver sufficient time to park. He will be waiting at the ground transportation counter with a NEWPORT sign which includes the passenger name.

Additional \$5.00 surcharge allows for 30 minutes waiting time. Clock starts at last updated arrival time \$4.00 for parking. \$25.00 an hour for waiting after the 30-minute grace period ends; or a \$6.25 per 15-minute interval.

We will verify all arrival times directly with the airline, but we cannot guarantee the accuracy of the provided airline information. If a plane arrives earlier than scheduled, the passenger must call Newport to advise. Cars will be held at the airport 30 minutes for domestic flights, 60 minutes for international flights past the updated arrival time. No-shows will be given if pick-up is not made at that time, unless you have notified us that you wish the car be held longer than standard time. If you cannot find car, you must call us. Passengers leaving without calling will be charged a no-show.

## To Make A Reservation, Call: 1-800-434-7678

## What is considered a "cancel" and what is considered a "no-show", and other questions.

If 10 minutes or more have elapsed from time of dispatch and the passenger calls the dispatch office, or the car has arrived and the passenger goes out to the driver to tell him that the job is cancelled, that is considered a billable "no-show". Out-of-town pick-ups where cancellations have been made before the scheduled time of pick-up, will be charged to the town where the driver has reached before being cancelled.

## If we have a phone number:

If the driver has not made pick-up 20 minutes from the time of dispatch,

we will call the passenger. If no contact is made, we will hold the car an additional 5 minutes and then give a no-show to the driver. If contact is made and the customer asks for additional time, we will allow an additional 15 minutes. If no pick up has been made by that time, we will give a no show to the driver.

## If we are told to send the car and do not have a phone number:

For reservations, we will allow ten minutes beyond the pickup time. To have a car wait longer than our standard time, you must arrange it in advance with the reservationist or call us as the situation develops. If you do not and we release the car, you will be charged a no-show.

Cars will be held for one-half an hour after conclusion of event held at a stadium or arena. Drivers are instructed to go into restaurants to find passengers whenever possible.

## Telephone Charges

Most Newport sedans are equipped with cellular phones for your use. If you or an associate needs one on an occasional basis, please request it at time of service. If you or your associates must have one at all times, or if you do not wish phone

service privileges to be available for anyone using your account, please notify your account executive. We will be happy to arrange either class of service.

The charges are: \$1.50 per minute tri-state; \$3 per minute continental USA; \$5 per minute international. Note: Calls to information and 800 numbers; or where the phone is allowed to ring for more than 6 rings without a connection being made; or when a passenger uses a phone company charge card, are chargeable since the driver is charged for them by the carrier phone company.

### The When & Whys of Stops:

On each voucher, there are areas where drivers and/or passengers must write in stops. Your driver may ask you to initial the stop portion of your voucher.

There are many possible definitions of what is and is not a stop, just as there are possible prices.

### Some Examples:

\*An en route, quick (less than 5 minutes) stop for a newspaper or coffee is a courtesy Newport drivers offer to our customers at no charge.

\*An additional passenger jumping out at a red light, even when it is en

route, is considered a chargeable stop.

\*A stop en route is priced differently than a stop not en route. A stop out of town on the way to a further point is priced differently than a stop in one borough on the way to another.

\*Many of our competitors have rules concerning pricing of stops. Often times, they do not reflect the reality of what the passenger has actually traveled but reflect the nature of their arbitrary zone to zone pricing schedule. Call your account executive for accurate pricing anytime you have a question.

\*Out-of-town stops begin at \$10 per stop in the same town. Stops en route are 50% of the rate to the town.

\*Wait and return from out of town points are full price plus 50% of the full price for return. See section entitled "Waiting Time" for additional information.

## Reservations

### No Additional Charge!

Newport accepts reservations 24 hours a day, 7 days a week. There is no additional charge for reservations.

We reserve the right to limit the number of reservations taken at

peak periods and during inclement weather conditions. We promise to do everything possible to be on time for all reservations, but there may be situations due to circumstances beyond our control where we may be a few minutes late. If you ask for a car and cannot leave a phone number, (this considered a "send"), please do not go outside without first confirming the car number and its ETA. In addition, passengers making "send" reservations and leaving without calling the dispatch office at 1 -800-434-7678 may result in a no-show being charged to their account.

### Out-of-town Pick-ups? No Additional Charge!

Unlike our competitors, there is no additional charge for out-of-town pick-ups (with the exception of airports). We have the most competitive pricing structure for these types of pick-ups.

## Waiting Time

Newport provides a free 15-minute waiting period for their customers. The waiting time clock begins at the scheduled time of the reservation (with the exception of airport pickups). If the passenger is late entering the car, there is a free 15-minute grace period. After the grace period expires then the passenger

will be charged \$8.75 up to 15 minutes after reservation. After 15 minutes, the passenger will be charged an additional \$8.75 every 15-minute period thereafter.
